#### CARTER'S, INC. REPORTS FOURTH QUARTER AND FISCAL 2008 RESULTS

# •FOURTH QUARTER NET SALES INCREASED \$29 MILLION, UP 7% •FOURTH QUARTER CARTER'S RETAIL COMPARABLE STORE SALES INCREASED 4.1% •FOURTH QUARTER OSHKOSH RETAIL COMPARABLE STORE SALES INCREASED 3.6%

Atlanta, Georgia, February 24, 2009 / PRNewswire -- FirstCall / -- Carter's, Inc. (NYSE:CRI), the largest branded marketer in the United States of apparel exclusively for babies and young children, today reported its fourth quarter and fiscal 2008 results.

"We are very encouraged by our fourth quarter performance, particularly given the significant slowdown in consumer spending and the negative macro-economic environment. It is clear that the Carter's and OshKosh brands continue to resonate with consumers," said Michael D. Casey, Chief Executive Officer. "While we a cautious in our outlook, we believe the investments we've made in product benefits, brand presentation, and our retail store operations will strengthen our overall market position and profitability."

#### Fourth Quarter Highlights

Consolidated net sales increased 7.3% to \$422.0 million. Net sales of the Company's Carter's brands increased 9.0% to \$320.4 million. Net sales of the Company's OshKosh brand increased 2.2% to \$101.6 million.

Consolidated retail store sales increased 12.8% to \$213.2 million. Carter's retail store sales increased 16.1% to \$130.9 million. Comparable store sales in Carter's stores increased 4.1%. OshKosh retail store sales increased 8.0% to \$82.3 million with comparable store sales increasing 3.6%.

In the fourth quarter of fiscal 2008, the Company opened 19 Carter's and three OshKosh retail stores and closed one OshKosh retail store. As of January 3, 2009, the Company operated 253 Carter's and 165 OshKosh retail stores.

The Company's mass channel sales, which are comprised of sales of its *Child of Mine* brand to Wal-Mart and *Just One Year* brand to Target, increased 16.4% to \$63.8 million. Sales of the *Just One Year* brand increased 29.3% to \$35.7 million driven primarily by timing of product launches. Sales of the *Child of Mine* brand increased 3.3% to \$28.0 million.

Carter's wholesale sales decreased 0.6% to \$125.7 million due primarily to the impact of customer bankruptcies. OshKosh wholesale sales decreased 16.8% to \$19.3 million due to lower demand, which we attribute to poor over-the-counter selling in fiscal 2007.

Reported consolidated operating income in the fourth quarter of fiscal 2008 was \$48.6 million, a decrease of 4.1% from \$50.7 million in the fourth quarter of fiscal 2007. Excluding the item in the previous year, which is detailed on page 11, adjusted operating income increased 1.2% to \$48.6 million, driven by improvements in earnings from the Carter's and OshKosh retail segments and growth in earnings in the mass channel and OshKosh wholesale segments. The benefit of these improvements was partially offset by a decrease in earnings in the Carter's wholesale segment due to lower margins on off-price sales and product mix.

Reported net income decreased 4.4% to \$27.3 million, or \$0.47 per diluted share, compared to \$28.6 million, or \$0.48 per diluted share, in the fourth quarter of fiscal 2007. Excluding the item in the previous year, which is detailed on page 11, adjusted net income for the fourth quarter of fiscal 2008 increased 1.6%. Adjusted diluted earnings per share increased \$0.02 per diluted share, or 4.4%.

A reconciliation of income as reported under accounting principles generally accepted in the United States of America ("GAAP") to income adjusted for certain items is provided on page 11.

#### Fiscal 2008 Highlights

Consolidated net sales increased 5.5% to \$1.5 billion. Net sales of the Company's Carter's brands increased 6.8% to \$1.2 billion. Net sales of the Company's OshKosh brand increased 1.0% to \$323.4 million.

Consolidated retail store sales increased 11.9% to \$671.6 million. Carter's retail store sales increased 15.3% to \$422.4 million. Comparable store sales in Carter's stores increased 9.0% in fiscal 2008. OshKosh retail store sales increased 6.6% to \$249.1 million with comparable store sales in fiscal 2008 increasing 3.2%. In fiscal 2008, the Company opened 25 Carter's and three OshKosh retail stores and closed one OshKosh retail store.

The Company's mass channel sales increased 4.6% to \$254.4 million. Sales of the *Just One Year* brand increased 15.5% to \$111.2 million, driven primarily by new door growth and additional floor space. Sales of the *Child of Mine* brand decreased 2.5% to \$143.3 million, as a result of product performance in certain categories.

Carter's wholesale sales increased 1.5% to \$489.7 million due to higher demand, partially offset by the impact of customer bankruptcies.

OshKosh wholesale sales decreased 14.2% to \$74.3 million due to lower demand, which we attribute to poor over-the-counter selling in fiscal 2007 and a reduction in wholesale prices. The Company lowered prices beginning in fiscal 2008 to reposition the *OshKosh* brand to appeal to a broader consumer population. The new pricing strategy led to improved over-the-counter performance, particularly in the second half of fiscal 2008.

In connection with the retirement of an executive officer, the Company recorded charges during the second quarter of fiscal 2008 of \$5.3 million, \$3.1 million of which related to severance and benefit obligations, and \$2.2 million of which related to the vesting of stock options.

During the third quarter of fiscal 2008, the Company recorded a \$2.6 million charge related to the write-down of the carrying value of the OshKosh distribution facility held for sale. This write-down reflects a reduction in the anticipated selling price of the property due to the softening of the commercial real estate market.

Reported consolidated operating income for fiscal 2008 was \$135.5 million compared to a reported operating loss of \$6.0 million in fiscal 2007. Excluding the impact of certain items in both years, which are detailed on page 12, adjusted operating income decreased \$10.2 million, or 6.6%. The decrease in operating income resulted primarily from lower profitability in the wholesale and mass channel segments and provisions for incentive compensation, partially offset by higher earnings in the retail segments.

In fiscal 2008, reported net income was \$75.1 million, or \$1.29 per diluted share, compared to a reported net loss of \$70.6 million, or \$1.22 per diluted share, in fiscal 2007. Excluding the impact of certain items in both years, which are detailed on page 12, adjusted net income decreased \$2.8 million, or 3.4%. Adjusted diluted earnings per share was comparable to last year at \$1.37 per diluted share.

A reconciliation of income (loss) as reported under GAAP to income adjusted for certain items is provided on page 12.

In connection with the Company's \$100 million share repurchase program, during fiscal 2008, the Company repurchased 2.1 million shares of its common stock for approximately \$33.6 million at an average price of \$15.82 per share. To date, under the program, the Company has repurchased 4.6 million shares for approximately \$91.1 million at an average price of \$19.81 per share.

Fiscal 2008 net cash provided by operating activities increased \$131.6 million over fiscal 2007, driven primarily by improved working capital management.

Such statements are based on current expectations only, and are subject to certain risks, uncertainties, and assumptions. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated, or projected. Factors that could cause actual results to materially differ include: a decrease in sales to, or the loss of one or more of, the Company's key customers; increased competition in the baby and young children's apparel market; the acceptance of our products in the marketplace; deflationary pressures on our prices; disruptions in foreign supply sources; negative publicity; our leverage, which increases our exposure to interest rate risk and could require us to dedicate a substantial portion of our cash flow to repay debt principal; an inability to access suitable financing due to the current economic crisis; a continued decrease in the overall value of the United States equity markets due to the current economic crisis; a continued decrease in the overall level of consumer spending; changes in consumer preference and fashion trends; the impact of governmental regulations and environmental risks applicable to the Company's business; our ability to adequately forecast demand, which could create significant levels of excess inventory; our ability to identify new retail store locations, and negotiate appropriate lease terms for our retail stores; our ability to attract and retain key individuals within the organization; failure to realize the revenue growth and earnings forecasts of OshKosh B'Gosh, Inc., which could further impact the carrying value of our intangible assets; and seasonal fluctuations in the children's apparel business.
